We Are Among You

Blood

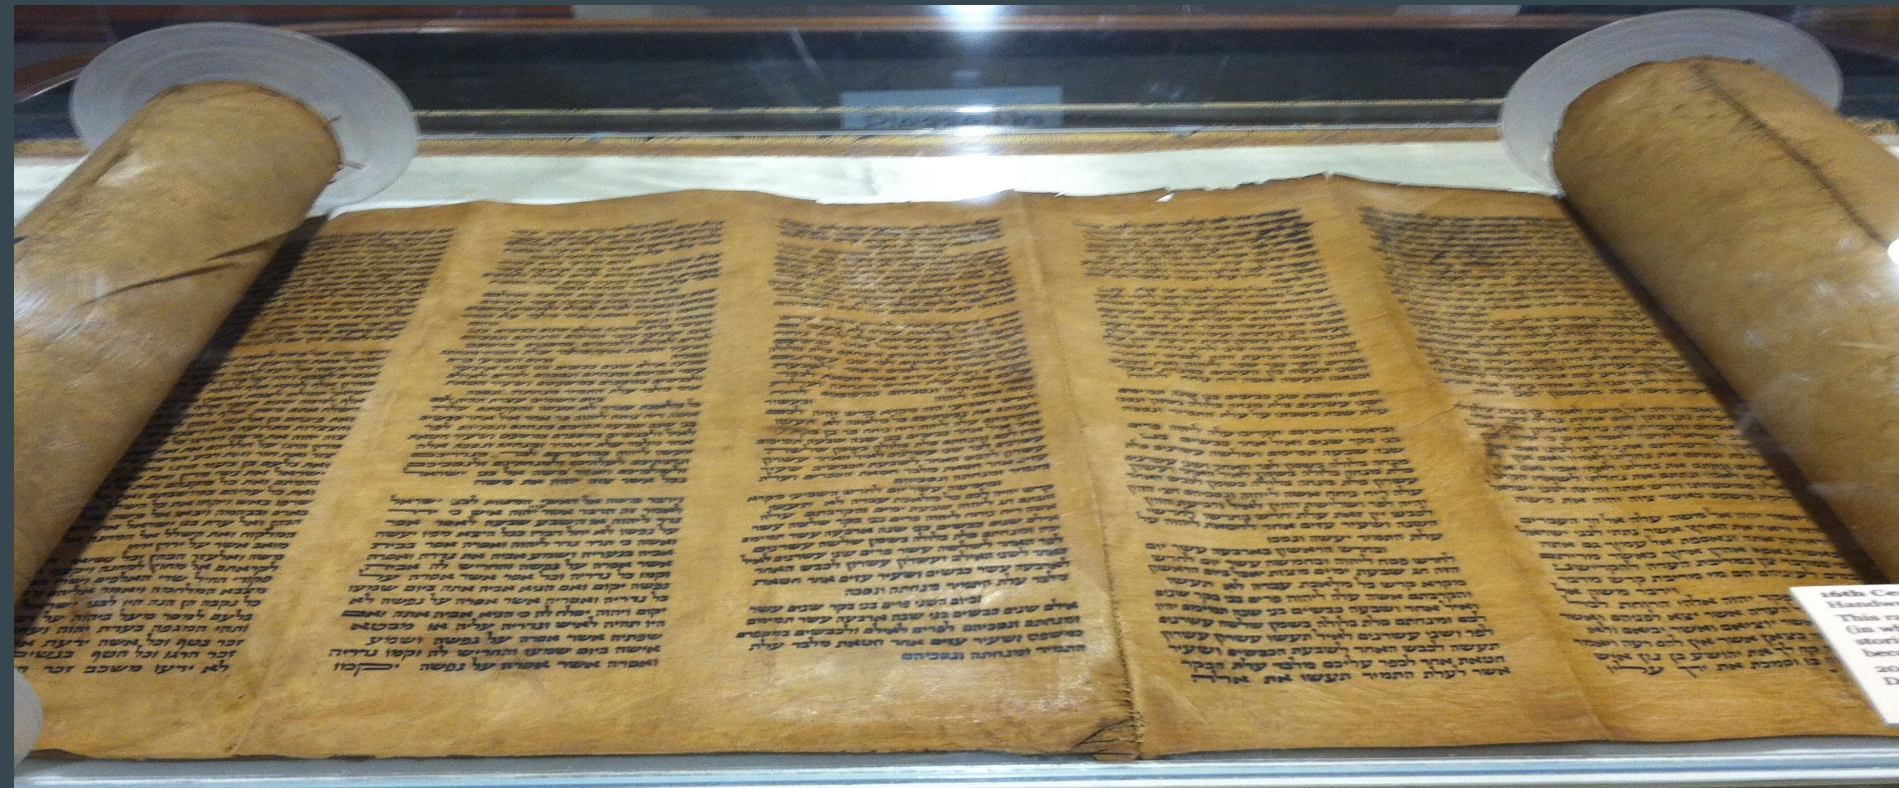

Our Blood is different, we infect ourselves, we carry disease you can't. I'm sorry you will never conquer us, how could you ever conquer something that could kill you? You think we are not family. We are real family. You goyim can't touch us, we have seen you create war, kill each other, rape each other, steal each other. Your vaccines will not let you conquer us. We walk amongst you, you don't know us but we know you. You don't pay us, we pay you. Who do you think you are? Why is it always about you? Nothing is about you, our world is not yours to share. Money is an accrument of how much we have done in the world. Stop trying to conquer us, we are beautiful, we are wise, we are loving, we are blood.

Goyim

Why do you think we call you goyim? Have you seen the torah? We have to read and translate it before thirteen, or we are rejected by our society, you can't even read the bible we gave you. Why do you think you can compare to us. We want you to try. Join our caste, our family, our way of life. Or get left in the dust, as just livestock of god, like we all are. Be jesus, be the messiah, we beg you, but don't murder us.

The Holocaust

Holocaust

You think we forgot, you murdered us for a book, or you just hide behind your labels, while we try to learn from them. Don't touch us, we won't touch you. Murder me, I have the god given right to murder you. This is our way, we learned from abuse. Your abuse, so we make money, yeah we can't afford to live like you. We don't want to, we want to have a family with virtues, not a bunch of complaining racists, bigots, untalented men, and heretics, we have our god. I'm sorry you can't figure out yours.

Communism

Quran

So you idiot's say peace be upon muhammad, we get it. Muhammad was an illiterate man, trying to do noble things. But it doesn't mean you can steal from everyone, rape, take, demand payment. Do it to your own people, peace exists in being a muslim, but not freedom. You have no freedom to be anything but muslims, we know. There is a god, we know wicked men don't believe. But we also know wicked men can pretend to believe in god, to get what they want. I'm sorry your sheik want to take from us, please stay in your own country. Thievery is a sin.

Democracy

Christians

So Jesus is perfect? He is messiah? Although you believe in eternal hell and believe Judas can never be forgiven, what an oxymoron. Stand with you or stand alone? What make you so perfect, especially if the world gives up on you? Hypocrisy? Or just bigotry and elitism? I can't understand if you want to be my friend or screw the world over, trying to trick people into being Jesus, something even most of you don't participate in? Why because your label, we follow? What a joke, go play with yourselves, if you can be nice to others.

Old Testament

Old Testament

So why are we us? You sure you haven't forgotten your place? Goyim?
